What is MSME?

MSME = Micro, Small & Medium Enterprises

Definition: Businesses that operate on a smaller scale with limited investment in plant, machinery, and annual turnover.

MSMEs in Numbers:

63 million+ MSMEs in India **110 million+** people employed (2nd largest employer after agriculture) **30%** of India's GDP **45%** of India's total exports

Classification in India

CLASSIFICATION	MICRO	SMALL	MEDIUM
Manufacturing Enterprises and Enterprises rendering Services	Investment in Plant and Machinery or Equipment: Not more than Rs. 2.5 crore and Annual Turnover not more than Rs. 10 crore	Investment in Plant and Machinery or Equipment: Not more than Rs. 25 crore and Annual Turnover not more than Rs. 100 crore	Investment in Plant and Machinery or Equipment: Not more than Rs. 125 crore and Annual Turnover not more than Rs. 500 crore

Problem statement

To develop a simple and affordable low-code platform that helps Micro, Small and Medium Enterprises (MSMEs) create and manage their own business applications such as billing, inventory, employee records, and customer management without needing programming skills.

MSME

MICRO, SMALL & MEDIUM ENTERPRISES

सूक्ष्म, लघु एवं मध्यम उद्यम

OUR STRENGTH • हमारी शक्ति

Ministry of MSME, Govt. of India

Problem description

The Challenge Facing MSMEs:

- **Manual Operations:** 80% of MSMEs still use notebooks/spreadsheets for order & inventory management
- **Costly Solutions:** Existing ERP systems are expensive (₹50,000+) and complex for small businesses
- **Critical Issues:**
 - Stock errors and inventory mismatches
 - Delayed order tracking & fulfillment
 - Missing GST invoices & compliance issues
 - Poor customer follow-up & retention
 - Zero business analytics/insights
- **Digital Gap:** Non-technical users struggle with complex software
- **Market Need:** 63 million MSMEs in India need affordable, simple digitization

TN-IMPACT

Problem Solving and Advanced Creative Tech

Key Features

1. Order Tracking

- Status categories: Pending → Accepted → Ready → Shipped
- Visual dashboard with order summary
- One-click order management

2. Inventory Management

- Real-time stock tracking
- Auto-deduction on order acceptance
- Low-stock alerts & notifications

3. Auto GST Invoicing

- Professional invoice generation in seconds
- Includes: Business details, GSTIN, itemized billing,
tax calculations
- Downloadable PDF format

4. Customer Follow-up

- Customer database with order history
- Automated reminders for repeat orders
- Improved retention rates

5. Business Analytics

- Total sales overview
- Best-selling products
- Revenue trends & insights

How It Works

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

Technical Aspects

❑ Frontend Technologies

❖ React.js (Mobile-First Responsive Design)

- Component-based architecture
- Fast rendering with Virtual DOM
- Fully responsive design for mobile, tablet & desktop
- Scalable and reusable UI components

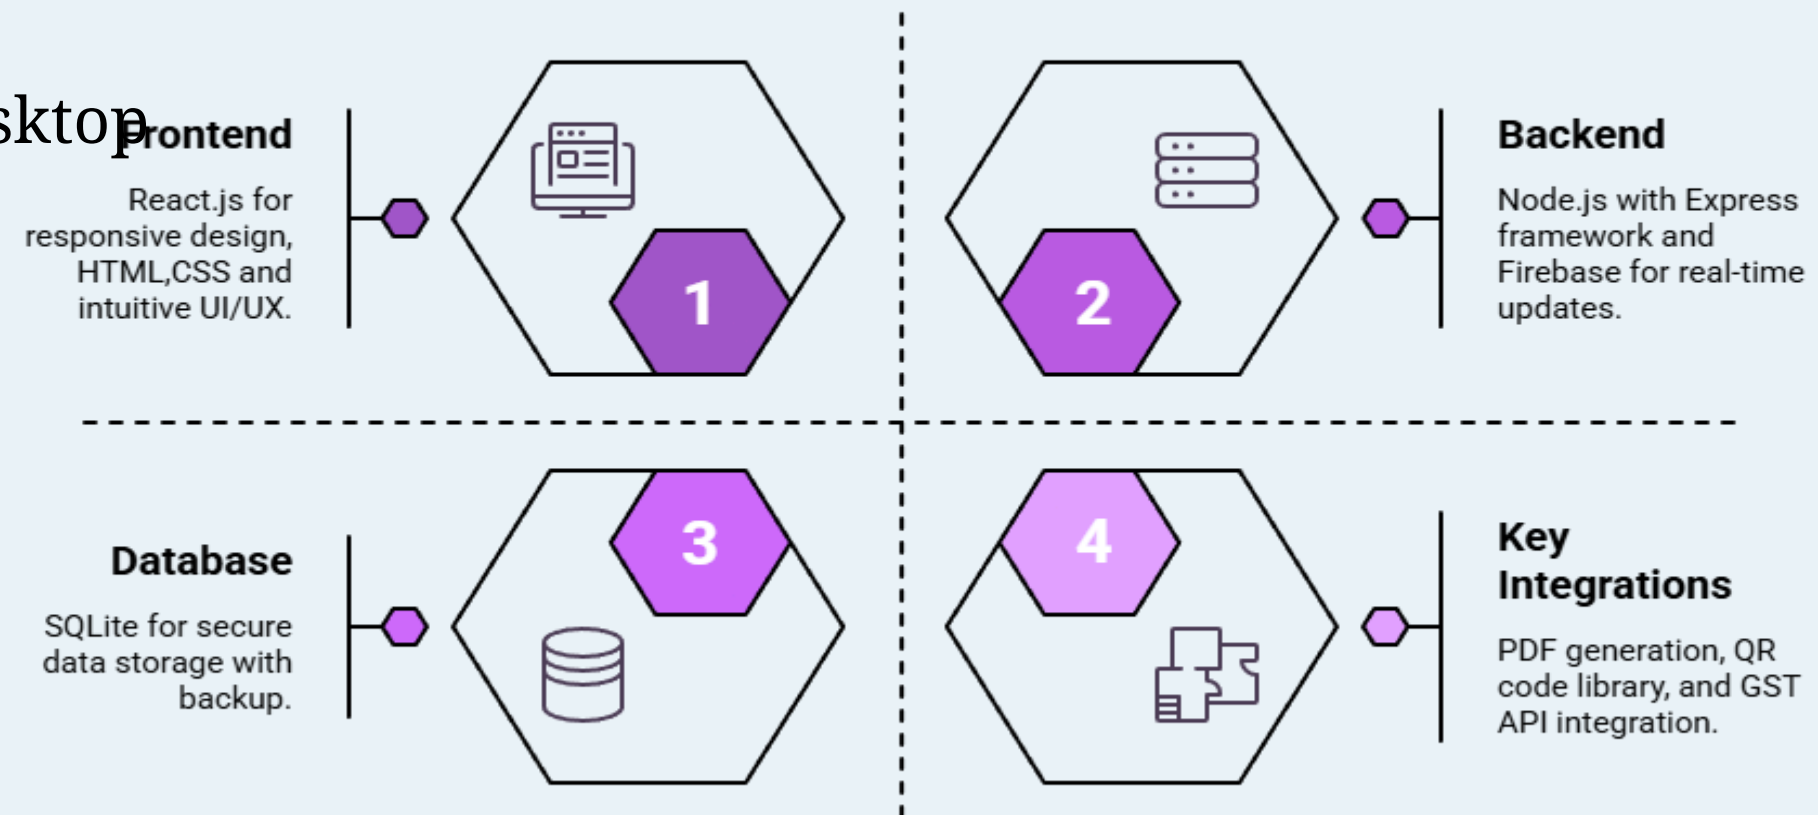

❖ HTML

- Structured and semantic web layout
- Improved accessibility
- Cross-browser compatibility

❖ Intuitive UI/UX for Non-Technical Users

- Simple dashboard interface
- Clear navigation menus
- Minimal training required
- Local language support (optional feature)
- Guided workflows for invoicing & order tracking

Application Components

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

❑ Database

❖ SQLite

- Lightweight relational database
- Ideal for small to medium-scale businesses
- Easy deployment
- Low maintenance

❖ Secure Data Storage with Backup

- Encrypted data storage
- Regular automated backups
- Role-based access control
- Protection against data loss

❑ Key Integrations

📄 PDF Generation Module (Invoice Creation)

- Auto-generate GST-compliant invoices
- Download & share invoice as PDF
- Customizable invoice template

🧾 GST API Integration (Tax Calculations)

- Automatic GST calculation
- HSN/SAC code integration
- Tax report generation
- Reduces manual tax errors\

Frontend

React.js, HTML, and
intuitive UI/UX.

Backend

Node.js with Express
framework and
Firebase.

Database

SQLite with secure
data storage and
backup.

**Key
Integrations**

PDF Generation
Module and GST API
integration.

TN-IMPACT

Problem Solving and Advanced Creative Tech

Objectives

🎯 MSME-First Design

- Simple interface for users with low digital literacy
- Regional language support (future scope)
- Minimal training required

🔄 All-in-One Integration

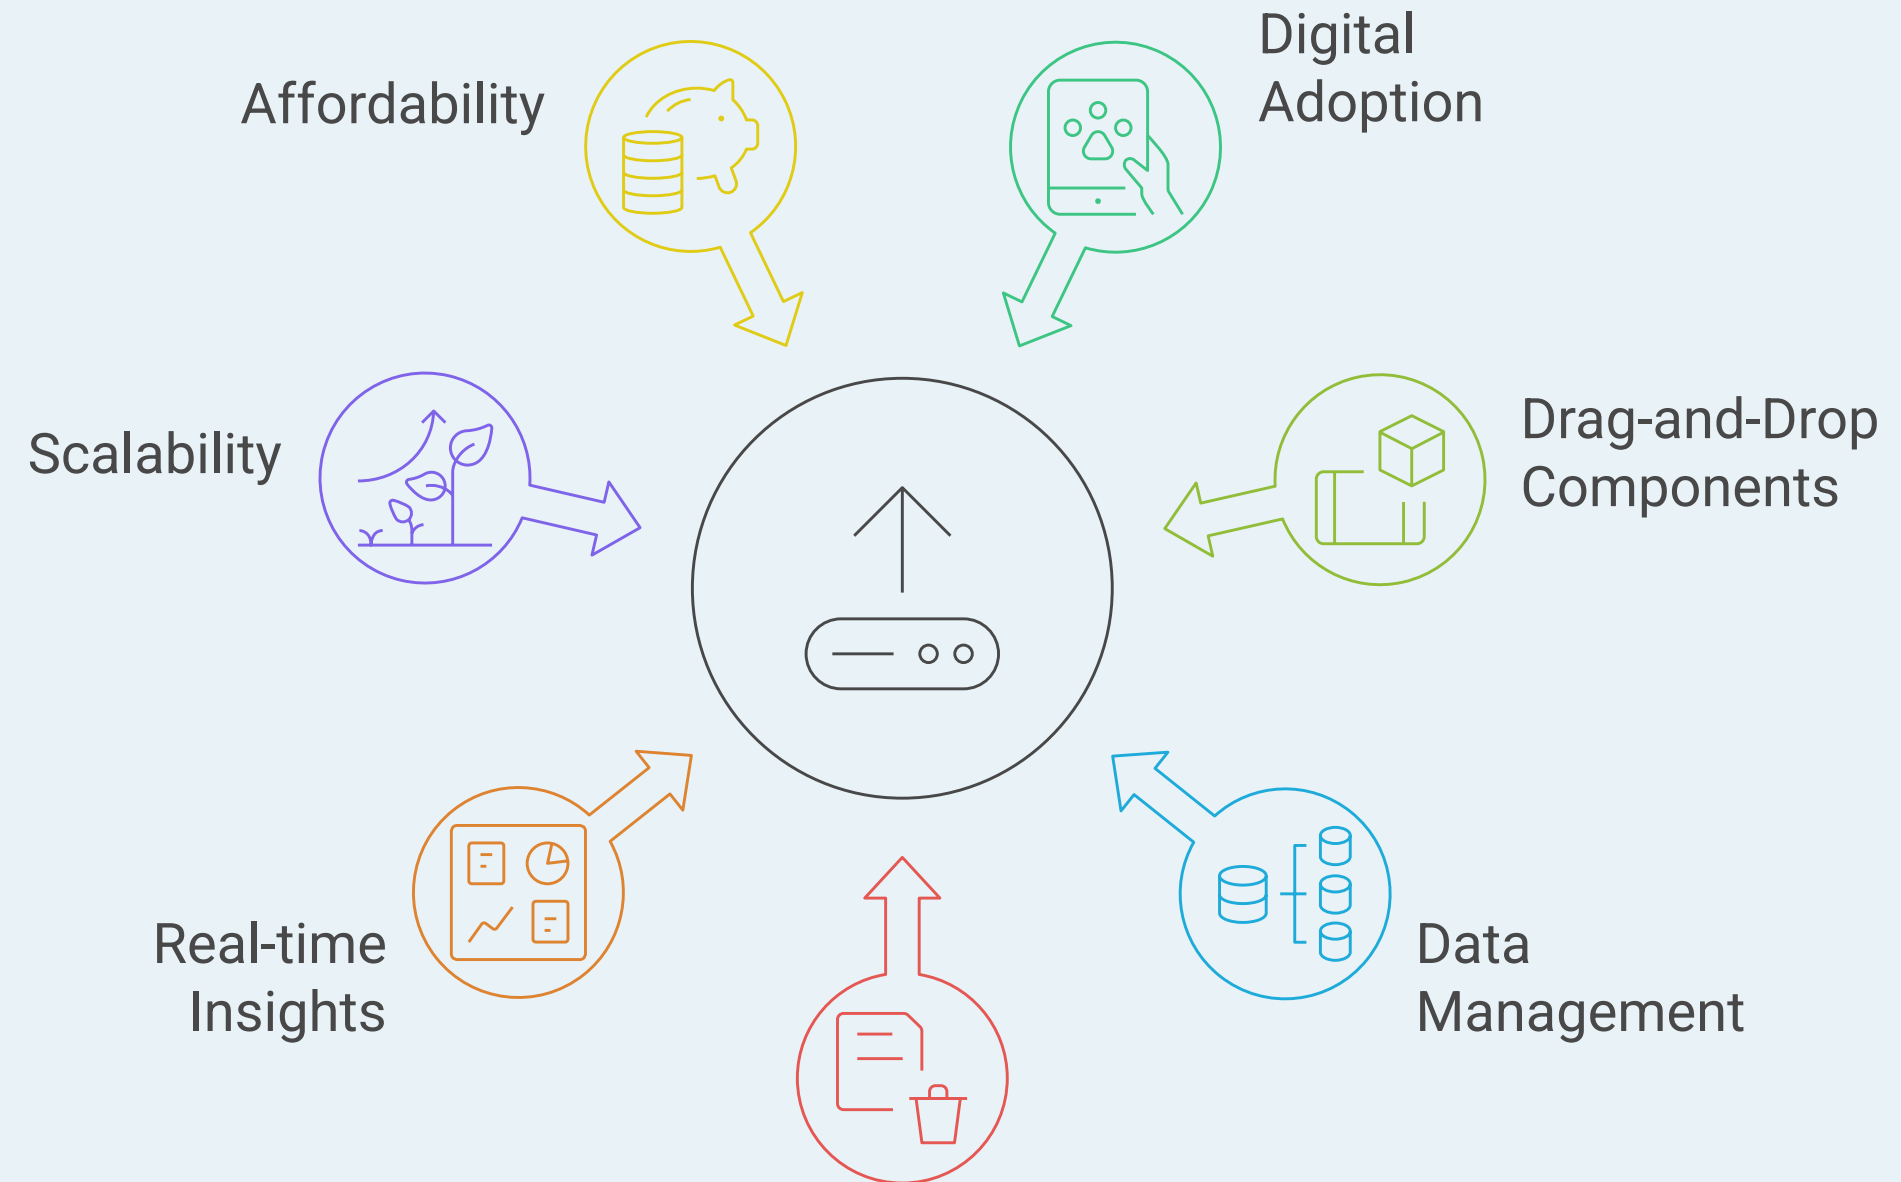

- Orders + Inventory + Invoicing + Payments in single platform
- No need for multiple apps or tools
- Seamless data flow between modules

⚡ Smart Automation

- Auto stock deduction logic
- Automatic GST calculations
- Intelligent follow-up reminders

💰 Affordable & Accessible

- Low-cost alternative to traditional ERPs
- No expensive hardware (POS machines) required
- Works on basic smartphones

Goals of the Low-Code Platform

Target User And

Market:

Primary Users:

- Small shop owners & retailers
- Home-based businesses & artisans
- Local manufacturers & workshops
- Rural & semi-urban MSMEs
- Service providers & contractors

Market Size:

63 Million MSMEs in India

30% still use manual methods

Target: 10 Million potential users in 3 years

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

Expected Impact

Quantifiable Benefits:

Error Reduction:

- Zero stock mismatches
- Accurate GST calculations
- No missing invoices

Business Growth:

- 40% improvement in customer retention
- Better cash flow with digital payments
- Data-driven decision making

Time Savings:

- 10-15 hours/week saved on manual bookkeeping
- 80% faster invoice generation
- Instant payment collection

Digital Adoption:

- Brings MSMEs into formal economy
- Enables GST compliance
- Supports Digital India initiative

Social Impact:

- ✓ Empowers rural entrepreneurs
- ✓ Supports women-led home business
- ✓ Promotes financial inclusion

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

Future Scope

Multi-Language Support

- Hindi, Tamil, Telugu, Bengali, Marathi
- Voice-based data entry

WhatsApp Integration

- Automated order confirmations
- Invoice sharing via WhatsApp
- Payment links

AI-Powered Features

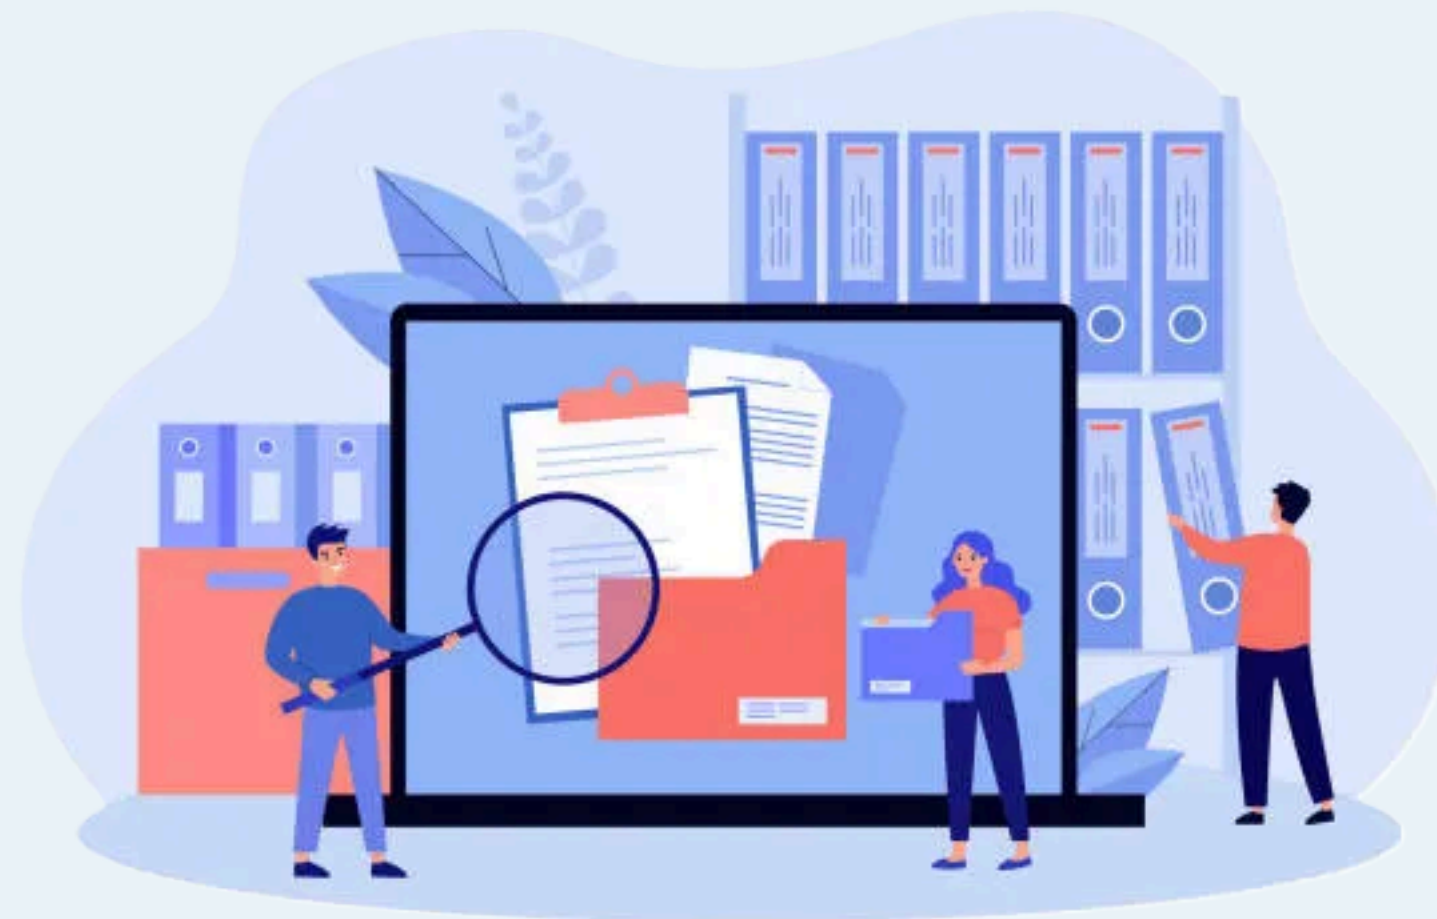

- Demand prediction
- Smart inventory recommendations
- Customer behavior analytics

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

GST Filing Integration

- Direct GST return filing
- Automated tax reports
- CA/Accountant portal

Multi-Store Support

- Manage multiple locations
- Centralized inventory
- Staff access controls

Credit & Lending

- Integration with NBFCs
- Business loan eligibility based on data
- Working capital solutions

TN-IMPACT

Tamil Nadu Innovation Modernization through
Problem Solving and Advanced Creative Tech

Conclusion

Live Demo Highlights:

1. **Create Order** - 30 seconds
2. **Auto Inventory Update** - Instant
3. **Generate GST Invoice** - 1 click
4. **Show QR Payment** - Customer scans
5. **View Analytics** - Real-time dashboard

Key Takeaways:

- ✓ Solves real pain points for 63M MSMEs
- ✓ Simple, affordable, mobile-first solution
- ✓ Complete digitization in one platform
- ✓ GST-compliant & payment-ready
- ✓ Scalable technology architecture

Our Vision: "Empowering every small business in India with enterprise-grade tools at zero complexity"
